Designed by

YONO

Engineered in Tokyo

TOKYO  
CONTEMPORARY

Engineered in Tokyo

Il progetto "Tokyo" si basa sul restyling stilistico in chiave nipponica dell'iconico best seller "Queens". La struttura è stata ripensata con nuove fresature che rialzano l'arco plantare per donare comfort e dinamicità mentre la ditta del battistrada e i volumi della suola si adattano ai trend contemporanei. La tomaia e i suoi riporti, tra cui il suo caratteristico taglio asimmetrico, sono mutati in linee accattivanti ma essenziali come da tradizione nel design giapponese. Il branding laterale, proposto in una versione minimale e tono su tono, enfatizza le caratteristiche della calzatura mentre l'inserto posteriore a contrasto richiama il "sol levante" e ne identifica la sua natura d'ispirazione.

"Tokyo" project is based on the restyling of the iconic best seller "Queens" by a Japanese design team. The construction has been redesigned with new outsole milling that raises the arch to give more comfort and dynamism while the bottom profile and volumes follow the contemporary trends. The upper and its details, including its characteristic asymmetric cut, have changed into attractive but essential lines as traditional Japanese design. Side branding, proposed in a minimal tonal version, simply emphasizes the features of the shoe while the contrasting back insert recalls the "rising sun" and identifies its nature of inspiration.

LYNN  
ESSENTIAL

Presentiamo la nostra nuovissima city running, progettata per unire stile e performance. Dotata di una suola ibrida in phylon e gomma, con 2 settori colorati sul battistrada, offre una trazione eccezionale su ogni superficie grazie al battistada con piolini. La parete laterale della suola richiama le onde caratteristiche del piumino Blauer, mentre la tomaia in mesh, disponibile sia in versione basica che glitterata, assicura traspirabilità e un tocco di femminilità. Completa il look lo scudetto laterale a contrasto.

Introducing our brand new city running shoe, designed to blend style and performance seamlessly. Featuring a hybrid phylon and rubber sole with 2 colored segments on the tread, it provides exceptional traction on all surfaces, thanks to the tread with studs. The sidewall of the sole recalls the characteristic waves of Blauer's down jackets, while the mesh upper, available in both basic and glitter versions, ensures breathability and a touch of femininity. Completing the look is the contrasting side logo.
